RICK KAISER
Chief Operating Officer
Navy SEAL Museum

Exhibit Concepts was able to come in and be a part of our team and that is the biggest compliment that I can give anybody or any group of people.

RONNIE GIBSON

VP of Brand Experience

They brought creativity, they brought structure and they delivered on time and on budget something that was truly beautiful and exactly as we hoped.

**KRISTI COBB**

Executive Director of
Elementary Education
Mansfield ISD

I feel like we've built a lifelong relationship with Exhibit Concepts. The biggest blessing is the professionalism and attention to detail. We've given Exhibit Concepts an overall idea of what our vision is and they have made that vision a reality.

LUCY ALLEN

Former Museum Division Director
Mississippi Civil Rights Museum

They listen to you. When there's a problem, we solve it together. When we make changes or we decide at the last minute that we needed to go in a different direction, it was always the positive attitude that ECI had.

ANN LINSON

Former Superintendent
of East Noble School

Since I have been superintendent, I have been involved in three new buildings, and this by far was an easier project and group to work with than any other.

RORIE CARTIER
Former Museum Director
National Museum
of Pacific War

Walking into those galleries, seeing what's been accomplished between the two parties—the museum and Exhibit Concepts—I mean, it's just, I don't know, it's almost beyond words.

KIRSTEN TASHEV
VP of Collections & Exhibitions
Computer History Museum

*We've worked with a variety of different fabricators
and there's nobody like them in terms of the quality of
their work, the attention to detail.*

ANDREA SOWITCH
VP of Marketing
SECTRA

What I think about when I have a relationship with somebody, it's not when everything goes great. It's when you really need help, are they there for you?

**SHERRY YOAKUM**

Executive Director
Red River Valley Museum

I've told a thousand people, you cannot imagine what it's like to watch this team. They take our ideas and our vision and they bring it to life; but not only do they bring it to life, they make it more amazing than I could ever have imagined.

**KIM COLLINS**

Manager, Advertising and
Marketing Communications
Nestlé Purina

What made Exhibit Concepts stand out was one, the structure itself and two, the ability to have the technology and the ability to generate and create the things we needed, such as the video games and touch table in house versus having to source it out separately.
